Form 990, Part III, Line 4b - Program Service Accomplishments

EDUCATION- Open Door Mission requires all men in DoorWay Program to complete a minimum of 5-10 hours of academic education each week during their stay in computer based instruction to become computer literate, ready for additional academic and technical education or employment.

Clients are given an educational assessment early in their stay to identify their personal educational grade equivalency level. A customized academic curriculum, with emphasis on their weaknesses, is created for their improvement based on their personal performance. The computerized program is self-paced and available to clients for daily preparation for regular evaluations of their progress. In order to begin to function in our computer based society, computer literacy is required, including typing and functional use of the Microsoft Office software (Office, Word, and Excel), most commonly used in job placement opportunities. Mission volunteers provide additional support as tutors for clients who need one-on-one drill and instruction to achieve academic progress.

The Mission's Education and Technology Center is an officially recommended provider of the GED programming by the University of Houston and Houston Community College. The GED program is also available free of charge to community students.

Additionally, we are members of the Houston Center for Literacy, which provides training in the latest methods in adult education.
